

Palais im Zoo I Frankfurt

Palais im Zoo LOCATION

2

The Palais im Zoo is situated in the heart of Frankfurt.

It is a very traditional, exclusive and very representative event location. It differentiates itself by far from other event locations for events such as presentations, congresses, general assemblies and festivities.

The rooms have different size categories, which give the opportunity to decorate and set up individually to reach your personal needs. They are ideal for cultural festivities, presentations, congresses and gala events.

The centre of attraction is the hall with its gallery which holds a capacity for over 1.200 guests.

Our creative planning and our professional setting in action will turn your event into a highlight. We look forward to working with you.

The large hall

In the centre of the Palais is the large hall with its own gallery. It is equipped with a large frosted glass roof top window, which lets in plenty of daylight. In a short amount of time it is possible to completely dim the large hall (except the fire exit lights).

The entire height of the large hall is approximately 10 metres. At a height of approximately 2,4 metres the horse shoe shaped gallery surrounds the room towards the direction of the stage. From the gallery you have a full view at the ground floor of the hall.

Surroundings of the hall

The entrance hall, the Foyer with a bar, the cloak room and the Blue Parlours I & II surround the hall. These rooms are situated in a horse shoe shape around the hall. They can be used as a reception area for gala events, as catering area for meetings and general assemblies or as an exhibition area.

Palais im Zoo ROOMS

7

Catering area

The large hall, the surrounding areas and the gallery can all be used as catering areas. In case, that the above named catering areas are not large enough for your event, there is also the possibility to build up tents on the terrace. This would also provide an additional capacity of approx. 800 qm. Example : General assembly with approx. 1.000 persons in the large hall.

Adjoining rooms/ Blue Parlours

There are Blue Parlour I, Blue Parlour II and the small Blue Parlour. Blue Parlour II is used as an emergency exit during Events in the large hall and is not allowed to be seated. A mobile dividing wall divides Blue Parlour I and Blue Parlour II. The small Blue Parlour can be used for example as a project office or as a lockable room for equipment.
